OLD BUSINESS:

NEW BUSINESS:

REQUEST FOR 2ND FLUSH MARKER ON GRAVE SPACE.

Jim Padula from Tacoma Washington requests that he be allowed to place a private flush on a grave space that already has a veterans marker on it. In 1996 his brother (a veteran) passed away and since then his mother has passed requesting to be placed in the same grave space as his brother. He does not want to get rid of his brothers service marker and would also like to be able to memorialize his mother. See attached letter of request.

CONTENTION OF LOT OWNERSHIP :

We received a verbal request from Jim Fenton of Acton to research the ownership of a lot which his wife Carol paid for in 2003. Another member of the family (Brenda Panetta) has been bragging that she had the ownership of the lot put into her name and that she owns it. Upon inspection of the file (copies of contents attached) it appears that the lot was indeed paid for by Carolyn Fenton but the bill was c/o Brenda Panetta. The bill of sale was drawn up in February 2003 and the deed was drawn up in April 2003. Consequently the deed is registered to Brenda Panetta. Shawn and Allura feel that this is probably a clerical error based on inaccurate assumptions, but feel that the matter should be settled by the Commissioners after reviewing all the evidence.
