ACTON CEMETERY DEPARTMENT

The Cemetery Commissioners had a specially scheduled meeting on April 11th at 2:00 p.m. meeting at the Chapel in Mount Hope Cemetery.

Attending were Commissioners Conant and Klauer along with Shawn O'Malley and Tom Tidman. Susan Mitchell- Hart was also invited to attend.

The meeting was held to view a piece of land that has been offered for sale by Paul and Joy Madden, residents of 12 Summer Street and the subject property lies between their home and the right hand side of Mount Hope Cemetery.

We note that the property line, as presently staked out is contradictory to a previous survey that indicates that the right rear corner of a cemetery storage building could be on the subject land. The stakes indicating the property line fully include the structure and debris piles from previous cemetery operations.

An area has been cleared to perform perk tests and this is immediately adjacent to our future lot in the right rear of Mt. Hope Cemetery.

The land under consideration would likely yield up to four acres of usable property for future burials, should we decide to attempt to move forward towards its purchase.

We adjourned at 3:04 p.m.

Respectfully submitted,

William A. Klauer
