Working Meeting - Update Open Space & Recreation Plan

6:05 Meeting called to order.

Mr. Magee reported that he reviewed and advanced Section 3 with Peter Ashton.

Commissioners reviewed Sections 6 and part A of Section 7 for possible content changes.

The Commission agreed to add Recreation Commission and Acton 2020 Committee as a source of information, also will add the reference of Community Preservation Plan to Section 6

Ms. Portante noted that Section 7 requires additional work, much has been collected from various sources; she is still waiting for Recreation's input on "community needs".

Mr. Froberg noted that needs should graduate up to goals.

Ms. Portante noted that goals will be referenced in Section 8.

The Commission discussed adding a paragraph on tick education.

Mr. Magee suggested changing the reference from "support local farms" to "support local farming."

The Commission discussed adding language regarding "nuisance species" (i.e. ticks, deer, beaver).

The Commission discussed "corridors" both human passive recreation and wildlife corridors.

Next meetings February 8, 22 and 29.

7:15 Meeting adjourned.
