

SATSAC Meeting Minutes

Acton Town Hall

April 20, 2017

Committee Members Present:

David Martin
Corey York, Town Engineer
Sean Hanley
Tom Campbell
David Wellinghoff

Committee Members Not Present:

Michaela Moran
Peter Berry, BoS

The meeting was called to order at 7:31PM

Comments from the public:

Questions regarding the open forum held on April 12th and follow-on discussion on more parking and additional shuttle service.

Notes from the chair:

None today.

Complete Streets update:

Corey comments that they are hoping to have Main Street done next week. Part of shelter went up today. Next steps are line painters. Maple Street is part of the rail trail.

Station site – issues and discussion:

No update. Discussion on emergency situations and whether we should have more call boxes.

Parking comments received privately:

Reviewed feedback provided directly. We need to have a detailed discussion on scooter/motorcycle parking. Can spaces be added? How do other towns do this? More to come.

Parking and ridership form debrief:

Reviewed issues from speakers. Again parking and shuttle service were highest priority issues.

Parking type recommendations:

Reviewed prior concerns about the parking deck. Need to have a long term solution. Could River Street property be used for parking? What about Paratzo property on School Street?

Review and accept prior minutes:

Move to accept amended minutes 12/15/16, 1/19/17, 3/23/17, and 4/12/17.

Future Meetings and calendar events:

Future dates 5/18/17 and 6/15/17.

Adjourn:

Adjourned at 8:25PM.

Respectfully submitted by David Wellinghoff
