- 2) Citizen Concerns: Anne Forbes and Tara Friedrich expressed concern about the Open Space Commission’s conclusions about the Morrison Farm. They sense a lack of commitment for saving the farmhouse and encouraged the AHC to be more proactive in advocating for its preservation. There was a discussion about the future of the historic properties owned by the town since the town may be exempt from the demolition delay by-law. It was agreed that the AHC would compile a list of buildings owned by the town.
- 3) Any ZBA/Planning Board projects on the CRL: DH stated that he had reviewed the meeting agendas and hearings of the ZBA and did not recognize any historic properties for review.
- 4) PAL Associates – CRL to MACRIS Update: JO provided an update on PAL’s work on the inventory forms. They have completed the 35 properties and 140 resources and JO will provide a final update at the next meeting.
- 5) Bridge Project between Bruce Freeman Rail Trail and TTT: BD is continuing to define and socialize the idea of a foot-bridge link between the Trail-Through-Time and the Bruce Freeman Rail Trail by spanning the Nashoba Brook at the old Davis Road.

- 6) Archaeological By-Law Update: BF led a discussion on the elements constituting an archaeological by-law and the history of this initiative in Acton. He continues to socialize this among the Board of Selectmen, the Conservation Commission, and other town employees. There were questions about whether it should be a stand-alone by-law, or a rule of an existing by-law. BF will draft an example of an archaeological rule for the next meeting
