Before the interviews the Commission discussed with Nancy Banks a basis on hiring a new Assistant. Knowledge of the Wetlands Act and of town government were stressed as needs. Ability to cooperate and interact with existing department heads, to be self motivated and to be a self starter were also stated as concerns.

After the interviews there was a brief discussion on adding applicants to next Thursday's interviews. It was decided to add C.W. Benson and two other names were chosen in case of cancellations. There was also a brief discussion of the skills of tonights candidates.

Jenks Land

C. Torkelsen was asked to get quotes on bids for a gate for the Jenks Land

G.M.L.

G.M.L. was discussed. It was decided to ask Town Council's opinion on whether we can reconsider an extension on the basis that the Town has passed a new Wetlands Bylaw.

Sincerely,

Charles Freeman
