Continuation – RDA - 115 River Street

Mr. Eder moved that the Commission issue a Positive 1 Determination under the Act and Town Bylaw requiring the Applicant to file a Notice of Intent.

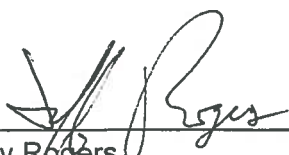

Ms. Lowe 2<sup>nd</sup>.

Discussion.

The Commission is concerned that the site is in Riverfront Area and is immediately adjacent to an apparent Bordering Vegetated Wetland. There are unanswered questions as to what materials are present on the site and how the Applicant proposes to clean it up. The Board of Health and DEP also should be made aware of the site and proposed work.

The motion passed unanimously.

6:50 Meeting adjourned.
