#### 4. Old Business:

- A. Executive Director and the Chairman informed the Board Members of the current status of Yankee Village Condo. They have met with the Authority's lawyer and informed him of the criminal action being brought by the Town against the developer, the failed septic system, the need for a second assessment to unit owners, the possibility of a third assessment to repair the septic system, and the hiring of the law firm of Carragher, Fox & Lambert to represent the Condo Assoc. in a separate suit against the developer. The Authority's lawyer suggested that a letter be sent to the Trustees requesting a breakdown of how the first assessment was spent, the bills the second assessment will cover, and request that the law firm representing the Assoc. look at innovative ways to help the unit owners finance the repair of the system. He further stated that he will contact Carragher, Fox & Lambert to find out where the Town's suit against the developer stands, as well as what possible legal action the Authority could take separately against the developer.
- B. Board updated on current Legislature's Housing Bill before the Senate Ways & Means.
- C. Joe Mercurio moved that the Authority join the Municipal Worker's Compensation Program once the current Workmen's Compensation with AETNA expires August 2, 1983. Jim seconded; all members voted in favor.
