## TOWN MANAGER'S UPDATE

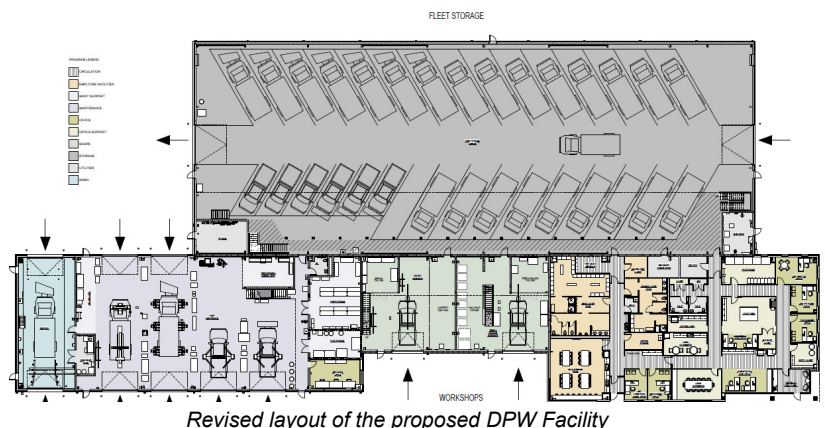

### Annual Town Meeting - May 5th

We are in the final phases of getting ready for the Annual Town Meeting on May 5th! There are 41 articles and the warrant will be published online and mailed out on April 15th. The meeting will be held over two nights and articles will include borrowing requests for a new DPW facility and other capital projects, along with budgets, zoning changes, citizen petitions, and a proposed gas leaf blower bylaw. Updated information and the final warrant will be posted at [www.actonma.gov/townmeeting](http://www.actonma.gov/townmeeting)

### DPW Project Update

The Select Board voted to place a debt exclusion ballot question on the April 29th election and an article on the warrant for Town Meeting for residents to vote on the project. Comprehensive details about the proposed DPW Facility are published online at [www.actonma.gov/dpwfacility](http://www.actonma.gov/dpwfacility). On April 2nd, the DPW Building Committee (DPWBC) held a public meeting for Weston & Sampson and PMA Consultants to present the updated 40% cost estimates, which resulted in a revised total project cost of \$37,995,690. This is a 20% decrease in the cost of the project since November 2024. The savings were from the value engineering process undertaken by the DPWBC and town staff that resulted in a reduction of the net size of the building by 20% from what was identified in the 2021 feasibility study, and 10% from what was presented to the 2023 Annual Town Meeting voters. To further reduce the impact of the project, the Town is proposing to utilize \$1.550M from capital stabilization. When reduced by the design funding previously appropriated, the requested borrowing authorization that will be presented to Town Meeting is \$35,220,690. If approved it is estimated that the tax impact will be approximately \$274 on the average single family property and \$160 for the average condo. The floor plan for the proposed building is shown below.

## TOWN MANAGER'S UPDATE

### Update on 17 Woodbury Lane Renovations

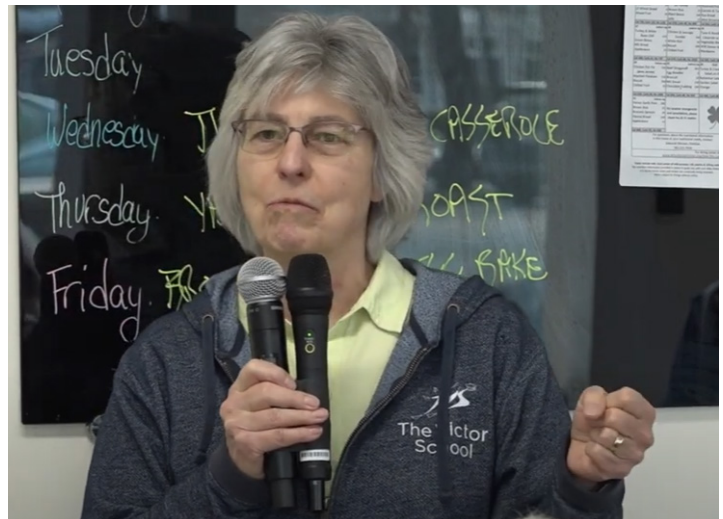

If you have visited the Town Hall/Library campus lately, you may have noticed the large building renovation project currently underway at 17 Woodbury. Recently, the contractor for the project, Classic Construction, completed selective demolition of the remaining addition from the 1970's. Additional work has included pouring of foundations for a building addition that will support a kitchenette and bathrooms, and foundation walls for a new covered patio. The photo below shows the current condition and framing work that will help stabilize this building as part of the renovation process. As we continue through construction, please visit [www.ActonMA.gov](http://www.ActonMA.gov) for more information and updates.

### Java With John

On March 21st I was pleased to have Town Moderator Jo-ann Berry join me at the Senior Center. Jo-Ann discussed the importance of Town Meeting and provided information on what to expect when attending Town Meeting sessions. I gave a preview of what will be on the Town Meeting Warrant and answered attendees questions on upcoming articles. To learn more, please watch the March 21st edition found at [www.ActonTV.org](http://www.ActonTV.org)

*Town Moderator Jo-ann Berry discusses Town Meeting at the March 21st Java with John event.*

Thank you for your continued support of the Municipal Monthly. As we continue moving closer to Annual Town Meeting, I invite you to visit [www.ActonMa.gov](http://www.ActonMa.gov) for important information on warrant articles and Town Meeting sessions.

Please reach out to me at [Manager@ActonMA.gov](mailto:Manager@ActonMA.gov) with any questions or suggestions you have.

Sincerely,

John S. Mangiaratti, Town Manager

### KARL VOELKER

#### *Director of Innovation and Technology*

Karl brings over a decade of hands-on experience leading technical teams, most recently overseeing Engineering, Operations, and IT at WBUR in Boston. He's passionate about using technology to make things work better—whether that means improving systems, streamlining processes, or tackling big, complex projects. Karl has deep experience managing critical infrastructure where 24/7 uptime is a must.

He lives in Saugus, MA with his wife and their dog, Lucy. Outside of work, Karl enjoys spending time with family and friends, working in the yard, and taking on projects around the house.

## **SPRING PAVING**

The following roads are scheduled to be paved this spring:

- Sudbury Road
- Westside Drive
- Washington Drive (Coolidge Dr. to End)
- Washington Drive (Jackson Dr. to Wilson Ln.)
- Madison Lane
- Wilson Lane

Residents will be notified via message boards and a posting on the Town of Acton website when a start date has been determined. Please note, the duration and schedule can change depending on weather or other conditions that may arise. We appreciate your cooperation and patience during this time.

## **SPRING REPAIRS**

Sometimes the grass strips and curbs along the roads are damaged while plowing. The Highway Division works to repair these areas as soon as possible after the snow has melted and the ground has thawed; however other work that involves the safety of the public takes priority. It may take until mid-summer to repair these areas. The repair of grass surfaces generally consists of raking out the ruts and seeding with a standard highway grass seed. If your landscaping needs are such that this is unacceptable, you may choose to repair these areas on your own earlier in the spring.

## **STREET SWEEPING**

Part of the Highway Division's maintenance program involves cleaning the road surfaces and drains. The road surfaces and sidewalks are cleaned with mechanical sweepers during the spring months. The highly visible areas are cleaned first, such as the town centers and the Isaac Davis Trail. Most roads are swept once during this period.

Residents are reminded to NOT put lawn waste, trash, tree limbs, etc. in the roadway during the sweeping process as it may damage the machinery. The operator will not remove such material, leaving an unsightly mess for you and your neighbors.

The Department of Public Works would like to thank the residents for their continued cooperation during the winter months. It can be a challenging time for all.

## **SWAP SHOP**

Volunteers are needed at the Swap Shop! The Swap Shop is located at the Transfer Station & Recycling Facility and is generally open May – October. The Swap Shop allows users at the facility to give away or adopt gently used items. If you are interested in volunteering, please contact Debby Andell at [debbyandell@gmail.com](mailto:debbyandell@gmail.com).
