

PUBLIC FORUM

DOG PARK LOCATIONS

Tuesday, June 25 @ 7:00 P.M.
Acton Public Safety Facility

Towns across the country have found dog parks to be a benefit to the community, and enjoyable for dogs, their owners, and dog lovers alike. They will add value to our town, and the overwhelming majority of people we have talked to are enthusiastic about having a park here in Acton. Get an update and help formulate our plans as we prepare to present our findings to the Board of Selectmen this summer, with the objective of building a dog park early next year. We need your input – ideas from both supporters and questioners. Please be there!
