RE: Board of Health discussion: COVID-19 updates/responses

.....

To safeguard against the spread of 2019 novel coronavirus, and the impact of COVID-19, the Acton Board of Health at a special meeting on Thursday, March 19, 2020 voted to close all services to the public which cannot be provided at a distance of at least six (6) feet effective Saturday, March 21, 2020 at 8:00 AM. This will remain in effect until the public health emergency has been lifted by the Town of Acton. This ban will include all elective personal care but is not limited to:

- Hairdressers and barbers
- Nail Salons
- Massage services
- Body Art
- Body Work

The Board implemented this ban to protect the health and safety of people who live and work in our community. We all need to make careful choices to protect the health of our community, practice social distancing and maintain at least a six (6) foot distance from others to minimize the risk. This ban does not pertain to medical or medical ordered services.
