mother rescue the doll later in the morning. (Courtesy Olga Lisysyan via Acton Fire Department)

ACTON — Chief Robert Hart is pleased to report that Acton Firefighters were able to recover a doll that a girl accidentally dropped into a storm drain while waiting for the school bus on her birthday.

On Thursday, Jan. 19, at approximately 9 a.m., Acton Fire Capt. James Byrne was driving on Pond View Drive in Acton when he noticed Olga Lisysyan, of Acton, using a pole and net to reach into a storm drain on the side of the road.

Capt. Bryne stopped to see if Lisysyan needed assistance, and learned that a doll had fallen out of Lisysyan's 7-year-old daughter's pocket and into the storm drain as the girl was waiting for her school bus. Lisysyan was trying to retrieve the doll for her daughter, who by that time had left for school on the bus.

The girl, who just turned 7 on Wednesday, was saddened because she had borrowed the doll from a close friend at school and was planning to return it to her, according to Lisysyan.

Capt. Bryne requested Ladder 28 respond to the scene to assist.

Firefighters Steve Dimeco and Clem Tyler used a Halligan pry bar to lift the grate off the storm drain and then retrieved the doll.

The 7-year-old and the doll were reunited after school was over, and the doll will be returned to its owner on Thursday.

"I'm very grateful to the Acton Fire Department," said Lisysyan. "This was so appreciated."

"Our firefighters face a wide variety of hazards and challenges, but this challenge was a little unique," said Chief Hart. "I am proud of Capt. Byrne, Firefighter Dimeco, and Firefighter Tyler for showing that the Acton Fire Department is always here for our community, no matter what challenges await. On behalf of the entire Acton Fire Department, I would also like to wish this young member of our community a very happy birthday!"
