

West Acton Village Streetscape Improvement Plan

OPEN HOUSE

ABOUT THIS PROJECT

The Town has been working with a consultant team to identify possible improvements in the West Acton Village. We have been collecting data about the area and have reached out to the community for input. To see information collected to date, scan the QR code or follow the link below to the interactive webpage. At this open house the consultants will review what we have heard from the community and present preliminary concepts for street improvements.

WE WANT TO HEAR YOUR IDEAS!

Please join us for an open house to discuss future roadway improvements for the West Acton Village.

For questions please contact:

Corey York, Director of Public Works
QinRui Pang, Town Engineer
